

SupplyMedium.com - Redefining Social Commerce

Redefining Social Commerce
Supply Medium Inc.
~~Ohio-USA~~

About Us

SupplyMedium is a quick and smart way to get connected with ~~small/medium/large~~ business network. We have developed a cloud based community to help companies grow revenue, control costs and mitigate varied risks through better collaboration with trading partners.

About The Application

By eliminating complexity and simplifying supply chain operations, SupplyMedium enables its customers to create added value for their customers and directly impact the bottom-line. The solution provides visibility and integration across the supply chain and brings down the cost of doing business by using automated processes that leverage critical business applications. Our SaaS solution provide paperless invoices, PO, Quote, RFQ with the click of a button. Payments against invoices are ~~securely~~ *processed using* PayPal secure payment gateway.
